

Worlds Fastest Forms Processing Solutions!

Lucky Ngwenya: Executive Director
Xcallibre Africa

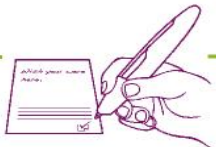

Mobility Capture Solutions

Introduction

- ✓ Innovation is central to data revolution: Velocity, Volume, Variety, Value (VVVV)
- ✓ Sustainable Development Goals (SDGs) place statistics and ICT as important enablers for monitoring development – timely statistics and data
- ✓ **ASSD, Committee of Directors-General and CRVS Minister Conferences:** Recommendations/ Resolutions - Emphasis on ICT e:g in population censuses, surveys and CRVS to create Centres of Excellence
- ✓ Senegal, South Africa and Cape Verde identified as **Centres of Excellence** in use of ICT
- ✓ Xcallibre solutions are in line with these recommendations and resolutions

Cost

- Volume- determined
- Between 250 USD and 175 USD
- Negotiable based on client needs

Digital Pen & Mobile vs Tablet?

- X-Station Forms Platform and solutions supports Digital Pen, Tablet & Smartphone capture
- Digital Pen Advantages
 - Easy to use with little or **no training** required & **Zero change** to current work practice
 - **Normal ink & normal paper - Paper copy/backup available**
 - Great than **90% accuracy** on handwriting recognition
 - **Very long device life** (4 to 5 years) vs 1 to 2 tablet
 - **Very long battery life** (8 hours writing time)
 - **Rarely stolen** vs high risk tablet
 - **Cheap**
 - **Swap out warranty** no delays on repairs/broken screen vs lengthy screen replacement, etc tablet delays
 - **Limited IT support** required
 - **Supports barcode scanning**
 - **Supports field validation on Mobile & GPS/Photo attachment** via mobile

Conclusion

- Invite interested agencies and ministries to a discussion on how we could help in the improvement of their data production capacity through our technology
- Xcallibre West Africa Office in Dakar: Mr Mamadou Falou Mbengue is the Director
- Contact details: mymbengue@gmail.com

Thank You
